- District of Columbia Public Schools (DCPS) Early Stages program;

Breakthrough Montessori PCS may establish agreements with other entities responsible for administering various education, health, and social service programs to children from birth through age 22. Those agencies include, but are not limited to: District of Columbia Public Schools (DCPS), Department of Human Services (DHS), Department of Healthcare Finance (DHCF), Department of Health (DOH), Department of

Behavioral Health (DBH), Child and Family Services Agency (CFSA), and the Department of Youth Rehabilitation Services (DYRS).

## **PARENT ENGAGEMENT**

Parents may obtain information about the availability of special education and related services through this policy, information posted on our website, or by contacting Ashley Anderson at [ashley@breakthroughmontessori.org](mailto:ashley@breakthroughmontessori.org). Breakthrough Montessori PCS also maintains written materials for parents, which can be found at the front desk. Breakthrough Montessori PCS staff is required to provide information to parents upon request and at family/guide conferences.

## **REFERRAL PROCESSES**

A referral is documentation provided by the child's parent, or other referral source, which clearly states why it is thought that the child may have a disability. Breakthrough Montessori PCS is required to complete an initial evaluation and determine if a child is a child with a disability eligible for special education and related services under IDEA. Specifically, Breakthrough Montessori PCS is required to complete an Analysis of Existing Data (AED) meeting within thirty (30) days of the referral date. If the AED meeting results in a determination that the team will proceed with evaluation, Breakthrough Montessori has forty-five (45) to conduct the necessary evaluations. These timeline requirements do not apply if

- The parent fails or refuses to respond to a request for consent for the evaluation;
- The parent of the child repeatedly fails or refuses to produce the child for the evaluation; or
- The child enrolls in another LEA prior to the determination of eligibility.

If a parent or community member would like to request an initial evaluation to determine if a child is in need of special education and related services, please contact Ashley Anderson ([ashley@breakthroughmontessori.org](mailto:ashley@breakthroughmontessori.org)) or contact the child's guide. All Breakthrough Montessori PCS staff must accept an oral or written referral for initial evaluation. Upon receiving an oral referral, Breakthrough Montessori PCS staff must assist any outside referral source in documenting the referral in writing, and must document the date of the referral within two (2) business days of receipt. Breakthrough Montessori PCS provides a referral form to assist parents and other parties in documenting a referral. To obtain this form, please contact Ashley Anderson ([ashley@breakthroughmontessori.org](mailto:ashley@breakthroughmontessori.org)).

Breakthrough Montessori PCS accepts referrals for initial evaluation from the following persons:

- A student's parent;
- The student, provided that educational rights have transferred to the student; and
- Employees of Breakthrough Montessori PCS who have knowledge of the

student.

For children under the age of 6, Breakthrough Montessori PCS also accepts referrals from:

- Pediatricians or other medical professionals, including physicians, hospitals, and other health providers;
- Child development facilities, including day care centers, child care centers, and early childhood programs;
- District agencies and programs, including IDEA Part C programs ;
- Community and civic organizations; and
- Advocacy organizations.

Breakthrough Montessori PCS maintains regular contact with relevant community-based referral sources, and works to collaborate with community-based service providers to provide information on the availability of special education and related services and the means through which parents or organizations may submit a referral.

After Breakthrough Montessori PCS has received a referral, Breakthrough Montessori PCS must make reasonable efforts to obtain parental consent for an initial evaluation, which includes attempting to contact the parent at least three (3) times on three (3) different dates using at least two (2) modalities. Breakthrough Montessori PCS shall conduct an analysis of existing data on the student to determine if additional assessments are necessary. Existing data that may be considered may include but is not limited to: teacher observations, classroom assessments, schoolwide screenings and assessments, state assessments, student grades and records, parent reports, health records, or data from other interventions. Breakthrough Montessori PCS will provide the parent of a child suspected of having a disability with information about the nature of any additionally required assessment.

## **SCREENINGS**

Breakthrough Montessori PCS implements a comprehensive screening process to determine if a child should be referred for an evaluation, the result of which is provided to the child's parent. Screenings utilize assessments and tools that are generally applied across the entire student population. Breakthrough Montessori PCS uses the Ages and Stages Questionnaire as one of its universal screeners. Parent consent is not required for Breakthrough Montessori PCS to conduct a uniform, schoolwide screening. A screening conducted by a Breakthrough Montessori PCS teacher or specialist to determine appropriate instructional strategies for curriculum implementation does not constitute an evaluation for eligibility for special education and related services and does not require parental consent. Breakthrough Montessori PCS screenings must not delay the initial evaluation of a student who may be a child with a disability in need of special education and related services.

## **RESPONSE TO INTERVENTION**

Breakthrough Montessori PCS uses a process called Breakthrough Multi-Tiered Support System (MTSS) to provide support to all children who need social, emotional, behavioral, or academic support in order to be happy and successful in the classroom. This process comprises a three-tiered system of interventions, plus a tier zero which is the individualized, differentiated curriculum implementation that all students receive. MTSS efforts must not delay the initial evaluation of a student who may be a child with a disability in need of special education and related services.

## **TRANSITION FROM PART C**

Under IDEA, Breakthrough Montessori PCS must ensure a smooth and effective transition for children transitioning from Part C early intervention services to Part B special education and related services. In furtherance of this responsibility, Breakthrough Montessori PCS:

- Identifies incoming children that were served by Strong Start DC Early Intervention Program (DC EIP) prior to enrollment at Breakthrough Montessori PCS, and participates in transition activities as appropriate at the request of DC EIP; and
- As applicable, regularly coordinates with DCPS Early Stages to ensure a smooth transition for students served by DCPS Early Stages prior to enrollment in the Breakthrough Montessori PCS. When a child is transitioning from Part C to Part B services, Breakthrough Montessori PCS participates in transition planning conferences as appropriate, and ensures each child with a disability has an IEP developed and implemented by the child's third birthday.

## **PARENT PROCEDURAL SAFEGUARDS AND RIGHTS**

Parents' legal rights during the Child Find process are defined by IDEA and District of Columbia law. In the event of a disagreement, parents may pursue dispute resolution and due process rights, including mediation, due process complaints, or state complaints. Parents can learn more about their rights under IDEA by referring to the Part B Procedural Safeguards located on OSSE's website

<https://osse.dc.gov/publication/rights-parents-students-disabilities-idea-part-b-noti-ce-procedural-safeguards> or by contacting Ashley Anderson (ashley@breakthroughmontessori.org) to obtain a copy of their procedural safeguards.
